— Nirit Keren, Artist

"I really loved the magazine. I just wanted more . . . more interviews, more pictures, more everything! I can tell there was no skimming. For what we get, I think it's a bargain. Guess I should go back and buy the previous issues!"

"I've just received *Mosaic Art Now*! I have to tell you what an incredible publication it is. Truly inspiring and oddly, not at all daunting! Keep up the great work."

- The largest audience for any mosaic-related publication or organization in the world – over 10,000 magazine readers and thousands of monthly readers of the blog, Facebook, and Twitter.
- More than a one-year lifespan for your advertisement. Our readers keep editions of Mosaic Art NOW as part of their personal libraries. Copies of previous years' editions are still in demand.
- **Free** banner and link to your website on the Mosaic Art NOW website. The website's Marketplace and Sponsor pages are the second and third most visited pages after the Home page.
- Readers have told us that the advertisements are an important part of the magazine to them.
- We support the artists and advertisers who appear in the annual magazine by keeping our blog readers and Facebook fans informed about what's going on with your business. For example, we helped promote the Orsoni Prize, announced the launch of the Chicago Mosaic School's new website, wrote a feature blog entry on Mosaika Art and Design's current projects, etc.

"Just wanted to let you know that I got the new Mosaic Art Now and I was just blown away by all the great art! You guys put together a great journal and have out-done yourselves this year."
— Brian Felix, Artist

"Bill's editorial article was terrific. I made my husband read it and he finally 'got it' – he came to a genuine understanding of art. This is a guy whose head simply does not go to the meaning of art in any way. Thank you both, a really great job."
— Bonnie Fitzgerald, Artist, Teacher, Entrepreneur

"Nancie has a talent for finding the most interesting, educational and timely articles related to this art form we love, and she goes steps further. She follows up on the subjects she highlights, bringing additional insight and analysis. And she does it all in a way that is entertaining, engaging and educational. I highly recommend that you 'favorite' this blog and refer to it often when you need some inspiration."
— Lynn Moor, Artist, Teacher, Entrepreneur

"I just wanted to thank you for all your time and knowledge in putting together the most wonderful blog. The content is always timely and inspiring and it is one of the few sites I try to check every day."
— Patty Chapman, Artist
